## Description

Carriage kit trolley-Pro 20 Lister, compatible with the MicorMIG mobile, including the option to carry a 20-litre gas cylinder and water cooling:

- Easy adaptation to the MicorMIG mobile and/or the optionally available water cooling system via a standardised interface on the base feet – simply place it on the brackets and secure with screws.
- Tray for materials & tools
- Hooks for torch hose assembly or cables
- Lifting eyes for safe hoisting
- Supplied as standard with double chain securing for the gas cylinder (slots for an additional gas cylinder strap are provided)
