

COBOT TURN 100 A

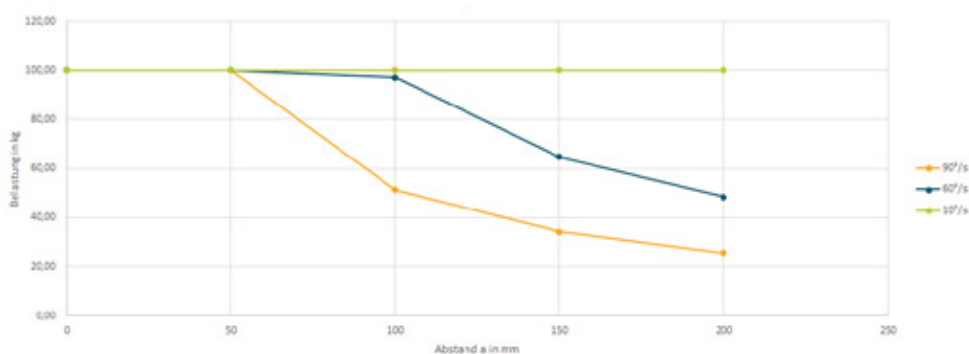

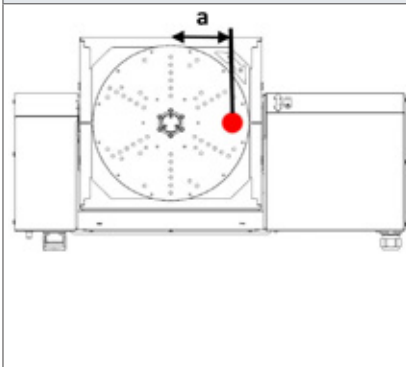

EN

Technical data

- Supply voltage (in V AC)	230
- Working voltage (in V DC)	48
- Control voltage (in V DC)	24
- Max. operating pressure forming gas (in bar)	10
- Max. torque tilting axis (in Nm)	350
- Max. torque rotary axis (in Nm)	350
- Noise emission (in dB (A))	< 70
- Movement range - tilt angle (in °)	0 - 90
- Movement range - rotation angle (in °)	endlos
- Tilt speed limit (in °/s)	20 - or according to diagram
- Speed limit turning (in °/s)	90 - or according to diagram
- Load capacity (in kg)	100 - or according to diagram
- Dimensions (LxWxH) (in mm)	998x486x506
- Weight (in kg)	200
- Weight with pallet and packaging (in kg)	240
- Workpiece dimensions - mounting - max. height (in mm)	550
- Workpiece dimensions - mounting - max. radius (in mm)	750
- Workpiece dimensions - surface mounting	not extending beyond the edge of the welding table
